

EnviroKlenz® Air System Plus

Item Number: ED327-0255-TNWR

The EnviroKlenz® Air System Plus safely and effectively combines advanced chemistry technology, germicidal UVC, and HEPA filtration to capture and destroy airborne toxic and noxious gasses, particulates, allergens, bacteria, viruses, and other allergy triggers.

Since the multistage treatment and filtration approach is enhanced with the patented EnviroKlenz technology, it is effective for a broad spectrum of indoor environmental sensitivity triggers.

Technical Applications:

- Chemical and odor control
- Allergens and other environmental trigger control
- Microbial and Pathogen inactivation

Technical Specifications:

Model Number: ED327-0255-TNWR

Square Foot Coverage: 1,000

Power Requirements: 115V/60Hz / 1 amp

Rated Air Flow of Fan (for each speed):
85, 150, 200, 250

Decibels:

- Whisper Mode: 54
- Low: 56
- Medium: 59
- High: 62

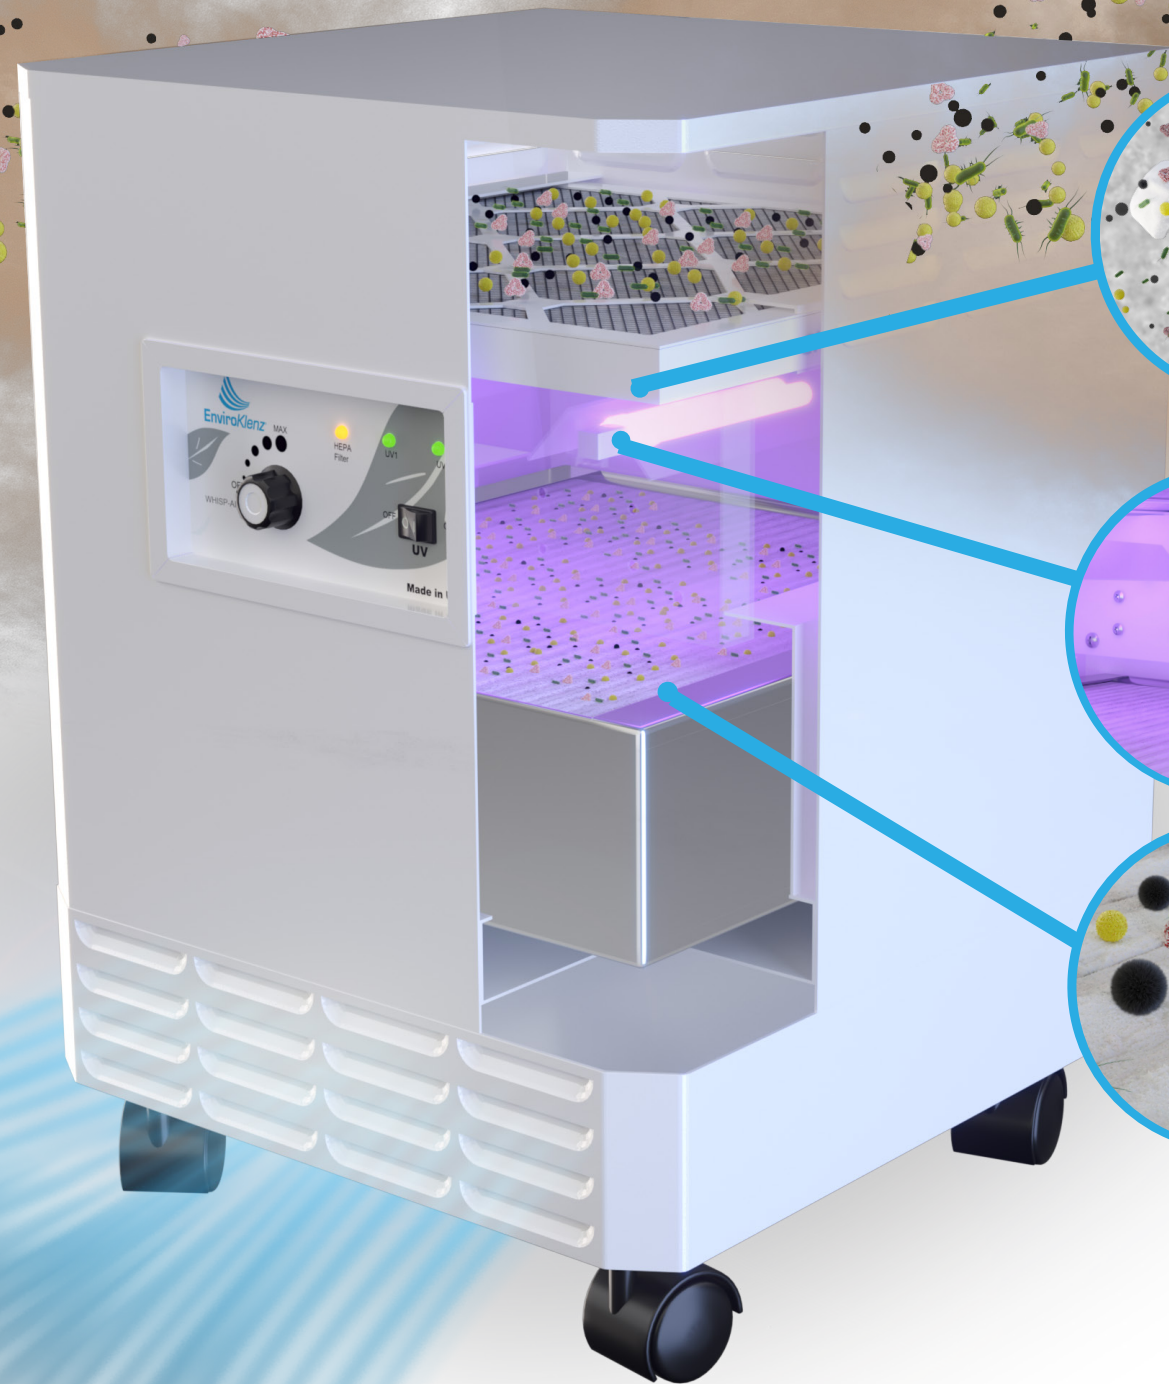

Dimensions:

Depth: 15.5" x Width: 15" x Height: 22" Weight: 40 lbs

Additional Information:

- The air system is on wheels and easily portable.
- A multi speed blower offers quiet and efficient air flow.
- Indicator lights to show when it is time to replace accessories
- Powder-coated metal housing.
- Easy to clean and disinfect
- Made in the USA

EnviroKlenz® Air Cartridge

- Advanced Chemistry Technology
- Particulate Filtration
- Microbial and Pathogen inactivation
- Neutralization of toxic and noxious chemicals and odors.

UVC Germicidal Irradiation

- Collection side UVC treatment and deactivation of microorganisms and pathogen

HEPA Filter

- Captures Particulates as small as 0.3 microns at a 99.99% efficiency
